CASE STUDY

C-LABS: SAFER PRODUCTS TO MAKE THE WORLD A BETTER PLACE.

SGS DIGICOMPLY
The Regulatory Intelligence Network

USI/SUPSI IDSIA

Problem – Challenge

Food companies need up-to-date and complete food compliance news and regulatory information.

Solution

Founded in 2016, C-Labs is an Industry 4.0 startup, developing solutions for transforming food regulatory compliance. It adopts the latest machine learning techniques with the support of Swiss Artificial Intelligence Lab IDSIA (Istituto Dalle Molle di Studi sull'Intelligenza Artificiale. SGS DIGICOMPLY is the product launched by C-LABS SA, an AI based specialized content management platform, able to automatically retrieve to sort and classify huge volumes of global compliance data into a single, coherent and reliable source. SGS Digicomply content delivers:

- *Insight into the regulatory development process*
- *Support to the decision-making process within an organisation*
- *A single point-of-data, ensuring security and efficiency*
- *Support to impact assessments while keeping track of historical issues*
- *An easy to search global repository of food regulations*
